# CHAIRMAN'S MESSAGE

Interwood is today a household brand name that is synonymous with high quality international standard furniture, including home & office furniture, kitchens, doors, wardrobes, flooring, accessories and so much more. In addition to catering to homes, however, we also lend our brand of ready made and customized furnishing solutions to hospitals, educational institutions, banks, corporations, hotels, luxury residences, retail brands and mega infrastructural projects like international airports.

We are humbled by our achievements and are grateful to our partners, our competitors and of course our customers in helping us reach to where we are today. We remain ever committed to continue evolving and delivering high quality and affordable products to our customers.

## SERIES-100

Technologically advanced and environmentally friendly, Series 100 smartly integrates the vacuum press technology to create innovative solutions for your home and office. These thermoset doors leave a silent impression on your visitors and the various finish options allow you to choose a design that best suits your taste. The quality material falls well under the budget while providing easy maintenance for all.

# SERIES-200

Manufactured with a distinct approach, our Series 200 is genuinely fascinating. Its design is meant to resist heat and minor scratches, these doors withstand ample time without fading that makes them a perfect choice for your home. These easy to maintain doors leaves a profound impression on your guests while being easy on your pocket. The beautiful shades and finishes allow you to explore the endless possibilities of your interior while providing easy maintenance. The detailed assembly with a metal jamb frame makes them durable for years to come.

## SERIES-300

Designed to fascinate you at the first glance, this series gracefully brings out the charm of natural wood. The trendy and chic designs are not only affordable but provide you with an opportunity to choose the best for your home and office. Our Series 300 is artfully manufactured with quality veneer with a wide range of finishes to commend all types of interiors. Our state-of-the-art facility continuously churns economical substitutes that assembled with jamb frame and architrave that is highly stable and provides a lasting durability.

## SERIES-400

These easily become the visual focus of any room with the its impressive aesthetics. Our Series 400 is stained rather than painted, allowing the wood to show its natural grain. It houses a wide range au courant designs with a classic impression altogether. Tailored with solid wood rails, these doors allow you to choose from a wide variety of options in wood, stains and finishes. The leading edge fabrication creates an elegant surface with an ability to withstand wear and tear while having a swift and convenient installation.

# SERIES-500

Envisioned with a chic and cosmo-politan approach, our Series 500 has designs made with an aesthetic purpose in creating an impression of what lies ahead. The painted surfaces are trendy yet timeless.

The solid light shades reflect serenity while the gleaming finishes effortlessly make the interior stand out. It is manufactured in high-quality engineered medium-density fiberboard and assembled with a resilient jamb frame and architrave for durability and stability. These doors have a rich sense of character that makes them a premium choice for your home's interior.
